

Product Sheet

va-Q-case ½ Euro

Description

The va-Q-case 1/2 Euro is a robust multi-use box which consists of a wood plastics sandwich with aluminum fittings on the outside. Inside the outer shell 30 mm and 40 mm va-Q-vip panels are placed which are protected by a stainless steel protective layer. Inside of the volume enclosed by the protective layer cold packs (called va-Q-accus) are placed. The va-Q-case 1/2 Euro has pallet feet and thus is forkliftable.
